

European Heritage Days 2018

European Heritage Days (EHDs), a joint initiative of the Council of Europe and the European Commission, are the most widely celebrated participatory cultural events shared by the citizens of Europe.

Over 70,000 events are organised every year in order to help raise awareness of Europe's common heritage and the continuous need for its protection.

This year, the countries taking part in European Heritage Days are celebrating the European Year of Cultural Heritage through the common theme of The Art of Sharing.

EHDs events take place in the 50 countries party to the European Cultural Convention. During this time, doors are opened to numerous monuments and sites, allowing Europe's citizens to enjoy free visits and learn about their shared cultural heritage and encouraging them to become actively involved in the safeguarding and enhancement of this heritage for present and future generations.
